Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Monday 29 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Heavy rain in west, drier and warmer in east.

This Evening and Tonight:
Further heavy persistent rain across the Northwest Highlands and the Northern Isles and patchy rain and drizzle developing in the southwest. Meanwhile eastern parts remain largely dry with clear spells.

Tuesday:
The Northern Isles and western Scotland remain cloudy with rain, the heavier more persistent rain in northwest edging back south. Eastern Scotland once again seeing some warm spells of sunshine.

Outlook for Wednesday to Friday:
Outbreaks of rain, with hill snow, on Wednesday morning but becoming drier and brighter from north in afternoon. Thursday and Friday, colder, overnight frosts, but largely dry with sunny spells.
